1. රැකියා සඳහා භාවිත වන භාණ්ඩයේ විස්තරය

Origin	Chinese, Japanese, Indian, European, American
Year	2023 or later
Condition	No Damage
Milage/ Hour	300km/ 100 hrs

Specification		Required Features
Working Height	15.1 – 16 meters	Auto-leveling platform
Horizontal Outreach	6 – 8 meters	Hydraulic rotating platform 180°
Platform Size	1.5 – 2 x 0.7 x 0.9 meters	Full proportional joystick control
Stowed Length	7 meters max	Flashing beacons
Overall Width	2 – 3 meters	Horn/Hour meter
Stowed Height	2 – 3 meters	Over-tilt protection system
Transport Height	2 – 3 meters	Intelligent self-diagnosis function
Wheelbase	2 – 2.3 meters	Over-head anti-collision protection
Ground Clearance	0.3 meters minimum	Platform tool box
Tire Type	Foam Filled	Emergency stop button
Power Source	Diesel Engine	AC power to platform
Fuel Tank Capacity	55 – 65 L	Platform auxiliary guardrail
Machine Weight	7300 – 8000 kg	Platform pipe rack

Additional Spare/Toolkit to be delivered with the vehicle

1	2 Nos	Spare Wheel
2	4 Nos	Oil and air filter set
3	1 Set	Necessary Tool Kit (eg: Wrenches, screw driver if customized)
4	1	Service and Parts Manual in English
5	1	Hydraulic Oil (10 – 20liters)
6	1	Manual Grease Pump 6L - 10L (with gun and nozzle set)
17	1	General Purpose Automotive/ Industrial Grease 15 – 20 kg
