(2023 22 ޖުލައި 2023) (IUL)266-PR/266/2023/239	ދަރުބާލު ސަރުކާރުގެ ގެޒެޓް:
31 ޖުލައި 2023	ދަރުބާލު ސަރުކާރުގެ ގެޒެޓް:

1. What was the actual capacity or minimum capacity that will accept?
The lift must have a minimum lifting capacity of 4000 kg for the entire lift and 2000 kg for the scissor lift.
2. Will it must be 400v three -phase or can accept single phase machine which is 3.0 kw?
The electrical plan of the garage necessitates a three-phase motor for the lift.
3. Do we need to install machine?
Supplier is not required to install the vehicle lift. However, with reference to point 1.8 and 1.9 of the information sheet, if any defects or issues are noticed during installation, the supplier is responsible for attending and resolving the issue.
Also, with reference to point 1.6 of the information sheet, a 1-year warranty is to be provided and issues faced during the period must be resolved by the supplier.
